Every once in a while a fairy wants to rest its wings and enjoy the hypnotic rhythm of a train. Wishberry Station offers a day trip up the river to see the wonders of Yellowstone Park or a memorable evening ride through the Shields Valley. The station also serves as a meeting place where fairies accomplish all kinds of fun and mischief!

4. At Home with Friends *Created by Tatiyana Thompson (14)*

Once there was an animal fairy named Sylvia Makarov who had just moved to Wishberry Hollow. She was looking for a nice place to live that had animals. She was having a hard time finding somewhere, but she kept looking. Finally, she came across a home with a flowered arch by the front gate, a pond with little fish, and even some pigs. She went up to the door and knocked to see if anyone was living there. To her surprise, a little puppy walked over to the door and sat right by her feet. She bent down and asked the dog, "Does anyone live here?", the dog replied "No, it's just me and the animals. No one has wanted to live here because of us." Sylvia said happily "I will live here with you!" The dog started jumping around with joy. Sylvia asked the dog what his name was and the dog replied, "I don't have one yet." Sylvia said, "Well I have the perfect name for you." She sat down on the floor with a collar that had the name Ashton right on the front. The next day, Sylvia moved in and got situated in her new home.

5. Starry Night Lanes *Created by Kris Hawkinson*

A place for fairies and friends to gather, relax, and bowl the night away.

6. Dew Drop Inn *Created by Lynn Crawford*

A fairy friendly cafe providing refreshments and music where they can perhaps even dance. Many of the items are recycled from things the fairies found on their journey, see if you can figure out what they are. If you like, press the button on the back of the jukebox to enjoy a little song. The larger lights only come on at dark but use the remote to activate the fairy lights; just remember to turn them off before you leave so others can enjoy them. Have fun with the fairies!

9. Phlox Meadow Phrontistery *Created by Sarah Eshback*

In the heart of the forest is where you can peek,
A hollowed out log with a school so unique,
With a floor made of moss and a roof made of bark,
Where the fairies come to learn after dark,
Sunlight spills through, in a dappled design,
Illuminating slates, where lessons entwine.
Pollen for ink and dewdrops for glue
They learn about flowers, and stardust anew.
